

Tiffany Goebel

Facilitator

Tiffany Goebel (BSW,RSW) - has been receiving disclosures of sexual violence since 2013 while working in a first stage substance abuse prevention program. The Family and Schools Together program focused on community development and strengthening the capacity of schools and families. Tiffany transitioned to the domestic violence sector during her first practicum as a social work student. There she gained experience not only receiving disclosures, but in crisis management, safety planning and group facilitation.

She has been working in the sexual violence sector specifically since January 2017 when she joined the Association of Alberta Sexual Assault Services as a practicum student. She then transitioned into her role as Community Development Associate through which she has researched how sexual assault centers through the province can implement the Calls to Action of the Truth and Reconciliation Commission, and the Calls to Justice of the Inquiry into Murdered and Missing Indigenous Women, Girls and 2SLGBTQIA* individuals. She has written and presented on the topic of sexual violence, she spent over a year exclusively in sexual violence education across the lifespan, and loves difficult conversations.

Tiffany is a registered social worker who has completed her BSW in 2019, at the University of Calgary after completing the diploma program at Mount Royal University in 2017. She is currently studying in the MSW program at Dalhousie University.

First Responder to Sexual Assault and Abuse Training
